process of planning out our Year 8 budget and action plan which is due in February. Also working on revising our Year 7 budget since we have funds left over. Part of those funds will be hosting a training for sustainability here for our coalition. We need to start planning for the future since our federal grant ends in 2023. Keep February 11th-14th in mind as we will have more information here by the end of the year.

-Action Plans:

- We are on track and in progress. Data committee will be started shortly. We will only go over one grant today and we'll go over the second grant next meeting. We have extra funds and we are planning on having our youth record a PSA on a radio show.

-Board Elections:

- Board members serve a year term and in December we take nominations for interested board members. We will be asking for nominations for the month and if we have more than 5 interested by our January coalition meeting, we will take to a vote. Board Members typically spend an additional hour at Executive Board Meetings and make executive decisions that are time sensitive that impact the coalition. For example, earlier this year, we had an opportunity to apply for extra funds and our board decided to spend it on bringing Hidden In Plain Sight presentation and do extra English programming
- If you are interested in being on the board please let Brenda, Eveth or anyone on the board know

Reports/Upcoming Events

-Our Key Leader Event was exceptional, we had about over 60 in attendance and we heard about our coalition and investing in children coalition. The speaker was Mike Johnson, CEO of Yakima Union Gospel Mission. There are many we need to thank that helped pull this event together, we are handing out multiple Thank You notes, so during the meeting, if you can get the chance to sign it, please do and pass on. They loved Mike Johnson's presentation which he shared the message of people needing love. Recommendations were to include Interpreters Available & Daycare.
